Welcome, Friend!

District 831 is excited to announce our first-ever social and networking event for parents and guardians of students in high school grades 9 through 11. This event will provide an opportunity for students to engage with local professionals and explore potential career paths.

The 2019 EDGE Awards: Networking and Giving Back...Extraordinaire!

Join us at the Milwaukee County Sports Complex on April 11th, 2019, for the final EDGE Student Career Forum of the school year, hosted by Marketing EDGE.

Students often credit their participation at one of our Forums as the first decision point in their career planning. Students are exposed to a wide range of industries and profession types, and are able to learn more about job opportunities and career development.

We believe in the power of partnerships and the importance of giving back. The Corporate Leadership Program is a unique opportunity to learn how selling $500 cookies to raise funds for a student competition can impact the life of a student looking to “find their edge”!
